

Way of Life!

BURGMAN 400

Including ABS version "BURGMAN 400A"

Upwardly Mobile Performance

Sophisticated, curvaceous looks. Refined, fuel-injected power on demand. Street-wise features and equipment. An unmatched combination of style, practicality, comfort and performance that help you make the most of modern life's possibilities. The BURGMAN 400 – for those who appreciate the better things in life.

BURGMAN 400

Including ABS version "BURGMAN 400A"

Metallic Oort Gray (YHG)*3

ABS*1 (BURGMAN 400A only)

Suzuki Advanced Immobilizer System (SAIS)

DC power outlet

- 400cm³, 4-stroke, 1-cylinder, DOHC, fuel-injected engine for polished performance.

- DOHC valve arrangement allows optimal positioning of the inlet and exhaust valves for better mechanical smoothness and more efficient combustion. The benefits can be felt in smooth, instantly available acceleration. And thanks to a 13.5-liter fuel tank, they can be enjoyed over long distances between fuel stops.

- Large exhaust catalyzer is promoted by an O₂-feedback system with fuel-injection arrangement.

- ISC (Idle Speed Control) system ensures optimal idling under various conditions.

- 14-inch front wheel carries 260mm hydraulic dual disc brake, and rear wheel has a 210mm hydraulic disc brake for reliable control.

- Easy-to-operate lever in the front bodywork can be conveniently used to apply a lock system that acts on the rear brake when parked.

- ABS (Antilock Brake System) monitors wheel speed, and matches stopping power to available traction. (BURGMAN 400A)*1

- Lightweight and high rigidity underbone frame is built from large-diameter, thin-wall tubes.

- Telescopic 41mm inner-tube front forks with a generous 110mm of wheel travel, and motorcycle-style link-type monoshock absorber rear suspension has adjustable preload. The overall benefits are motorcycle levels of handling and exceptional maneuverability.

- Abundant luggage space; huge 62-liter storage bay, large enough for two full-face helmets or A3-size document case, and a smaller compartment for small personal items. Convenient swichable underseat lights to illuminate entire underseat area.*2

- Front bodywork contains three lidded storage compartments; a large 10-liter compartment with a convenient DC power outlet for charging electric devices in the move, and two smaller compartments above it.

- Stepped dual seat for comfort and confidence. The rider's backrest is adjustable in five 10mm increments at the press of a lever.

- Cut-away footboards allow stop-start legwork without uncomfortable stretching.

- Ignition switch has a tamper-resisting magnetic cover and incorporates Suzuki Advanced Immobilizer System (SAIS), a transponder-type transistorized digital computer-controlled immobilizer.

- Security gate allows a chain lock to be passed through the bodywork around the frame and then around an immovable object.

- The comprehensive and easy-to-read instrument binnacle incorporates a speedometer, a tachometer, an odometer, twin tripmeters, a clock, and indicators for the ambient temperature, average fuel consumption, fuel level, and coolant temperature.

Specifications

Engine Type	4-stroke, 1-cylinder, liquid-cooled, DOHC, 4-valve	
Engine Displacement	400 cm ³ (cc)	
Bore x Stroke	81.0 mm x 77.6 mm	
Compression Ratio	11.2 : 1	
Transmission	Variable ratio V-belt drive (CVT)	
Overall Length	2,270 mm (89.4 in.)	
Overall Width	760 mm (29.9 in.)	
Overall Height	1,385 mm (54.5 in.)	
Wheelbase	1,585 mm (62.4 in.)	
Ground Clearance	125 mm (4.9 in.)	
Seat Height	710 mm (28.0 in.)	
Curb Mass	BURGMAN 400A	222 kg (489 lbs.)
	BURGMAN 400	216 kg (476 lbs.)
Suspension	Front	Telescopic, coil spring, oil damped
	Rear	Link type, coil spring, oil damped
Brakes	Front	Disc, twin
	Rear	Disc
Tires	Front	120/80-14M/C 58S, tubeless
	Rear	150/70-13M/C 64S, tubeless
Ignition Type	Electronic ignition (Transistorized)	
Fuel Tank Capacity	13.5 L (3.6 US gal.)	

Colors

*1 Please note that ABS is a supplemental device for brake operation, not a device for shortening stopping distance. Always remember to reduce speed sufficiently before approaching curves and corners.

*2 Depending on the size and shape, two full-face helmets can not be put in the underseat compartment.

*3 BURGMAN 400A is available in YHG and YPA.
